

HEAVY-DUTY ONE-HANDED
BAR CLAMPS

Our brand new range
is now available!

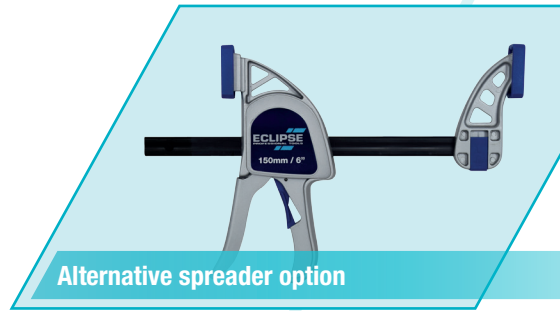

NEW!

HEAVY-DUTY ONE-HANDED BAR CLAMPS

Introducing five new **Heavy-Duty One-Handed Bar Clamps** to complement our existing range of Eclipse one-handed bar clamps and spreaders, ideal for heavy-duty work-holding applications.

- Aluminium frames are lightweight but strong and durable
- Allow much higher sustained clamping pressure than the existing Eclipse one-handed bar clamps
- Capable of achieving up to 300kg of sustained holding force
- Easy push button system allows quick change from clamping to spreading
- Removable pads stay fixed to the clamp giving an even distribution of clamping force across the workpiece protecting it from marking damage
- Insert trigger prevents accidental release.

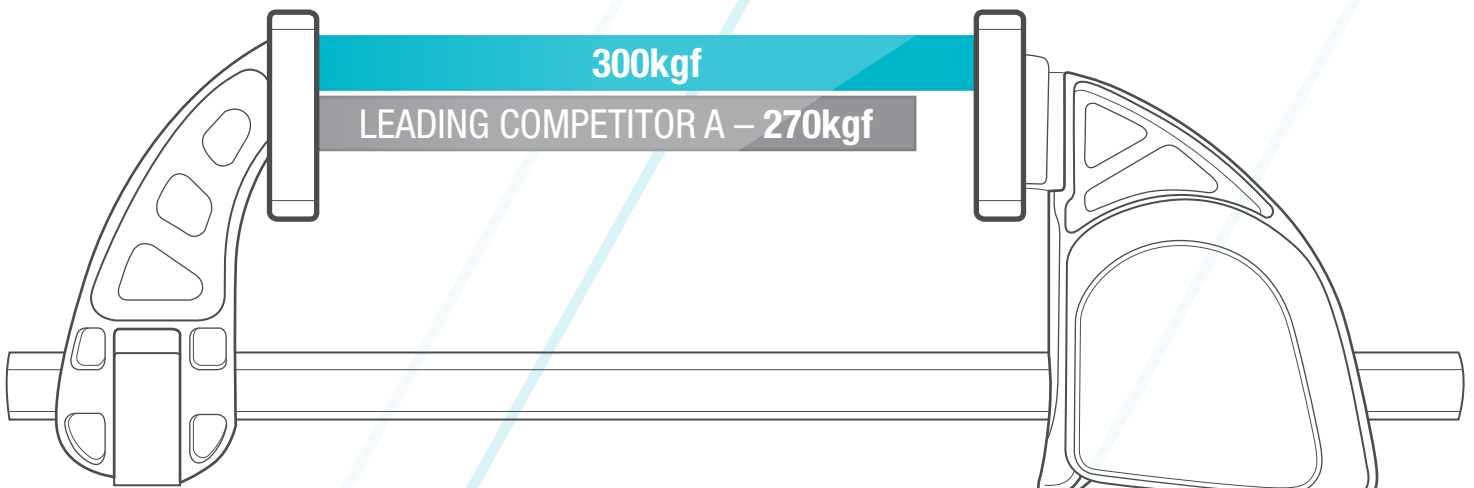

Alternative spreader option

Removable pads

Insert trigger

300kgf

LEADING COMPETITOR A – 270kgf
