"The tools we use and recommend"

Royal Botanic Gardens, Kew

FSC® certified wood

Kew are widely recognised as a leading centre for conservation and so, as you would expect, all of our handles are made from the finest ash, from well-managed forests.

Image courtesy of The Royal Botanic Gardens, Kew

An extensive range of quality gardening tools

Kew's horticultural team has worked closely with Spear & Jackson throughout the product development process.

Products have been put through rigorous testing to ensure that the level of performance and quality befits the brand.

The result is a unique range of digging, cultivating, and garden cutting tools that are genuinely 'used and recommended by Kew.'

Over 250 years of expertise... Royal Botanic Gardens Kew

The Royal Botanic Gardens Kew has a remarkable heritage, originally a nine-acre site on the banks of the River Thames, it was first laid out in 1759 by Princess Augusta, mother of King George III.

Over 250 years later the gardens today cover 326 acres, are home to 40 historically important buildings and house the largest living plant collection in the world, with over 40,000 species. On 3 July 2003 the gardens became a United Nations World Heritage Site.

Kew Gardens receives over 1.35 million visitors a year from around the world and has a strong and growing membership of over 80,000 supporters worldwide.

Rich in history, Kew Gardens is also an internationally respected centre of plant science, conservation and academic excellence with the largest and most diverse

botanical collections under its care. Kew's Millennium Seed Bank is the largest global plant conservation project in the world and will eventually hold the seeds of at least half of all known plants.

Kew's unique combination of extensive collections, databases, scientific expertise and global partnerships plays a leading role in facilitating access to fundamental plant and fungal information. The core purpose of Kew's science stems from a simple and often overlooked truth: all our lives depend on plants and fungi.

Spear & Jackson founded in 1760

For over 250 years gardeners have enjoyed the high quality, performance and great results achieved with Spear and Jackson garden tools.

Spear and Jackson garden tools combine continuous innovation and the latest in manufacturing technologies with a proud heritage of craftsmanship and traditional production methods.

In 2012 Spear and Jackson established a partnership with the Royal Botanic Gardens Kew to develop a comprehensive range of premium garden tools. Each tool in the range has been carefully developed to

exacting standards, with high performance, durability and user-comfort firmly in mind. The resulting Kew Gardens Collection from Spear and Jackson has been tried, tested, is wholly endorsed and genuinely used by the horticultural team from the Royal Botanic Gardens, Kew.

The combined horticultural expertise of Kew and Spear and Jackson ensures that this unique range delivers a superior level of performance and quality that appeals to the keen gardener, landscaper and horticulturalists.

Spear and Jackson are proud to support Kew's pivotal role as a world leader in plant science and conservation and as you would expect all of our handles are made from the finest ash, from well-managed forests. Furthermore every purchase of a tool from the Spear and Jackson Kew Gardens Collection ensures a valuable contribution towards the continuation of Kew's vital work.

Razorsharp Garden Cutting

"Making gardening easier and more enjoyable"

Our Razorsharp Garden Cutting range includes a wide selection of high performance secateurs, shears and loppers to suit every requirement.

Every Razorsharp product comes with a ten year guarantee.

The Kew Gardens Collection

Razorsharp Range

Bypass Secateurs "Ideal for healthy plants, shrubs or green stems"

Two blades create a scissor-like action to produce a clean cut.

Helps minimise bruising on green stems.

Anvil Secateurs "Ideal for cutting older or dead wood"

A single blade is used to press the wood against the anvil, crushing the stem until the cut is complete

Helps minimise stem twisting.

**Mechanical Advantage
"Easier cutting with less effort"**

Geared or ratchet secateurs and loppers are easy to use and require less effort than conventional products. They allow thicker, harder branches to be cut in short steps rather than in a single action.

THE KEW GARDENS COLLECTION

Razorsharp Bypass Secateurs

"Bypass action minimises bruising on green stems"

- High carbon steel blades for strength and lasting sharpness
- Aluminium alloy handles (apart from 7159KEW)

6659KEW - Razorsharp Heavy Duty Bypass Secateurs

- Forged handle construction for optimum strength and performance
- Stepped locking catch for wide or narrow cutting width
- Blade notch for cutting thicker stems
- Sap groove, riveted lower blade
- Rubber shock absorber
- Replacement blade available: 6659BLADE

Overall Length: 215mm (8½")

Blade Size: 69mm (2½")

Maximum Cut: 20mm (¾") dia.

6657KEW - Razorsharp Small Heavy Duty Bypass Secateurs

- Drop forged blades and forged aluminium handles for added strength and durability
- Spare blade & spring pack available 6657BLADE

Overall Length: 200mm (8")

Blade Size: 56mm (2¼")

Maximum Cut: 20mm (¾") dia.

6959KEW - Razorsharp Heavy Duty Bypass Secateurs with Ergonomic Handles

- Drop forged blades and forged aluminium handles for added strength and durability
- Lightweight forged aluminium ergonomic handle for comfort in use
- Spare blade & spring pack available 6959BLADE

Overall Length: 215mm (8½")

Blade Size: 66mm (2½")

Maximum Cut: 20mm (¾") dia.

The Kew Gardens Collection

Razorsharp Bypass Secateurs

4171KEW - Razorsharp Medium Bypass Secateurs

- Soft feel handle sections for increased comfort
- Locking catch for safer carrying and storage

Overall Length: 180mm (7")

Blade Size: 53mm (2⅛")

Maximum Cut: 15mm (⅝") dia.

4171LKEW - Razorsharp Large Bypass Secateurs

- Soft feel handle sections for increased comfort
- Locking catch for safer carrying and storage

Overall Length: 200mm (8")

Blade Size: 60mm (2⅜")

Maximum Cut: 20mm (¾") dia.

4172KEW - Razorsharp Garden Snips

- Suitable for cutting most types of flowers and fruit stems
- Soft feel handle sections for increased comfort
- Locking catch for safer carrying and storage

Overall Length: 183mm (7")

Blade Size: 60mm (2⅜")

Maximum Cut: 6mm (¼") dia.

6259KEW - Razorsharp Bypass Secateurs with Ergo Twist Handle

- Auto-rotating handle helps minimise strain and fatigue
- PTFE coated blade for rust resistance and smoother cutting
- Stepped locking catch for wide or narrow cutting width
- Comfortable non-slip soft grip

Overall Length: 220mm (8¾")

Blade Size: 67mm (2⅝")

Maximum Cut: 15mm (⅝") dia.

7159KEW - Razorsharp Bypass Secateurs

- PTFE coated blades for rust resistance and smoother cutting
- Hard chromed lower blade for rust resistance
- Ergonomic handles with soft grip for increased comfort
- Ambidextrous locking catch

Overall Length: 200mm (8")

Blade Size: 60mm (2⅜")

Maximum Cut: 15mm (⅝") dia.

The Kew Gardens Collection

Razorsharp Anvil Secateurs

SPEAR & JACKSON

THE KEW GARDENS COLLECTION

Razorsharp Anvil Secateurs

"Anvil action minimises stem twisting"

- High carbon steel blades for strength and lasting sharpness
- Metal anvils for optimum strength and performance
- Aluminium alloy handles (apart from 7158KEW)

7158KEW - Razorsharp Anvil Secateurs

- Ideal for thicker or dead 'woody' stems and branches
- Metal anvil for strength and performance
- PTFE coated blades for rust resistance and smoother cutting
- Ergonomic handles with soft grip for increased comfort
- Ambidextrous locking catch

Overall Length: 205mm (8")
Blade Size: 60mm (2 3/8")
Maximum Cut: 15mm (5/8") dia.

4173KEW - Razorsharp Medium Anvil Secateurs

- Anvil action utilises a knife like cutting action
- Metal anvil for optimum strength and performance
- Soft feel handle sections for increased comfort
- Locking catch for safer carrying and storage

Overall Length: 175mm (6 7/8")
Blade Size: 50mm (2")
Maximum Cut: 15mm (5/8") dia.

6258KEW - Razorsharp Compact Ratchet Anvil Secateurs

- Ratchet action gives easy cutting in short steps - ideal for cutting thicker, harder branches
- PTFE coated blade for rust resistance and smoother cutting
- Ratchet action means easy pruning in 4 short steps
- Ideal for smaller size hands
- Comfortable non-slip grip

Overall Length: 180mm (7")
Blade Size: 63mm (2 1/2")
Maximum Cut: 18mm (7") dia.

6358KEW - Razorsharp Ratchet Anvil Secateurs

- Ratchet action gives easy cutting in short steps - ideal for cutting thicker, harder branches
- PTFE coated blades for rust resistance and smoother cutting
- Ratchet action means easy pruning in 4 short steps
- Metal locking catch
- Comfortable non-slip grip

Overall Length: 205mm (8 1/4")
Blade Size: 67mm (2 5/8")
Maximum Cut: 20mm (3/4") dia.

THE KEW GARDENS COLLECTION

Razorsharp Secateurs Sets

Kew Gardens Secateur Sets feature high quality tools attractively packaged to create the perfect gift.

CUTTINGSET1K - Razorsharp Anvil Secateurs and Blade Sharpener Set

- 6358KEW Ratchet Anvil Secateurs (see main product description for full details of features and benefits)
- 6-in-1 blade sharpener ideal for use with garden secateurs, shears, loppers, knives, and scissors, cleaning sponge and lubricating/anti-corrosion oil stored inside handles
- Comfortable non-slip grip

Overall Length: 207mm (8 1/4")
Blade Size: 67mm (2 5/8")
Maximum Cut: 20mm (3/4") dia.

CUTTINGSET2K - Razorsharp Anvil and Bypass Secateurs Set

- High carbon steel blades for strength and lasting sharpness
- PTFE coated blades for rust resistance and smoother cutting
- Metal anvil for optimum strength and performance
- Ergonomic soft feel handles for increased comfort
- Ambidextrous locking catch

Overall Length: 205mm (8")
Blade Size: 60mm (2 3/8")
Maximum Cut: 15mm (5/8") dia.

CUTTINGSET3K - Razorsharp Adjustable Width Secateurs Set

- High carbon steel blades for strength and lasting sharpness
- PTFE coated blades for rust resistance and smoother cutting
- Metal anvil for optimum strength and performance
- Adjustable cutting width to suit both large and smaller hands
- Smaller handle width ideal for smaller hands
- Ergonomic soft feel handles

Overall Length: 187mm (7 3/4")
Blade Size (Anvil): 51mm (2")
Blade Size (Bypass): 55mm (2 1/8")
Maximum Cut: 15mm (5/8") dia.

CUTTINGSET4K - Razorsharp Bypass Secateurs and Leather Holster Set

- 6659KEW Razorsharp Heavy Duty Bypass Secateurs (see main product description for full details of features and benefits)
- Leather holster with integral metal belt clip

Overall Length: 215mm (8 1/2")
Blade Size: 69mm (2 11/16")
Maximum Cut: 20mm (3/4") dia.

CUTTINGSET8K - Razorsharp Traditional Secateurs Set

- Traditional vintage style Bypass and Anvil Secateurs
- Drop-forged carbon steel blades for strength and durability
- Non-slip cushion grips for increased comfort
- Safety locking catch

Overall Length: 215mm (8 1/2")
Blade Size (Anvil): 65mm (2 1/2")
Blade Size (Bypass): 70mm (2 3/4")
Maximum Cut: 12mm (1/2") dia.

**THE KEW
GARDENS
COLLECTION**

Kew Gardens Collection Hand Shears feature a high quality hardened steel blade for easy precise cuts, strength and lasting sharpness.

The Kew Gardens Collection

Razorsharp Hand Shears

8110KEW - Razorsharp Hedge Shears

- Uses a bypass cutting action to trim and shape hedges and shrubs
- Notched blade for cutting thicker stems
- Light, but strong tubular aluminium handles

Overall Length: 600mm (23 5/8")
Blade Size: 230mm (9")

8120KEW - Razorsharp Telescopic Shears

- Light, strong tubular aluminium telescopic handles which extend to 500mm (19")
- Twist and lock mechanism
- Adjustable tensioning

Overall Length: 670 - 860mm (26 - 33")
Blade Size: 230mm (9")

4868KEW - Razorsharp Wishbone Handle Shears

- Wishbone shaped handles, weatherproofed for greater durability
- Chrome plated blades for rust resistance
- Notched blade for cutting thicker stems

Overall Length: 490mm (19 5/16")
Blade Size: 230mm (9")

4888KEW - Razorsharp Wishbone Handle Shears

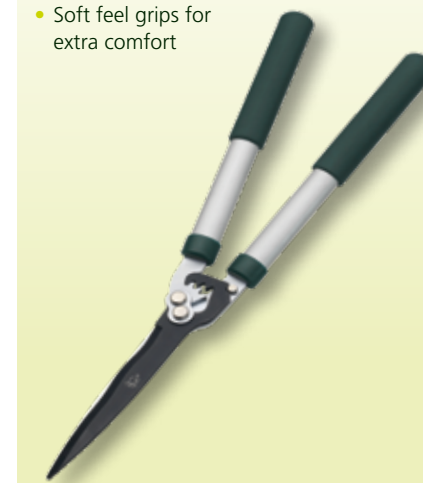

- Notched blade for cutting thicker stems
- Ergonomic wishbone shaped handles
- Adjustable tensioning
- Comfortable non-slip grip

Overall Length: 560mm (22")
Blade Size: 230mm (9")

8170KEW - Razorsharp Geared Hedge Shears

- Geared mechanism for easier cutting with less effort
- C50 carbon steel blade for lasting sharpness
- PTFE coated upper blade for rust resistance and smoother cutting
- Soft feel grips for extra comfort

Overall Length: 560mm (22")
Blade Size: 200mm (8")

8150KEW - Razorsharp Trimming Shears

- Adjustable tensioning
- PTFE coated upper blade for rust resistance and smoother cutting
- Soft feel grips for extra comfort
- Strong but lightweight aluminium handles

Handle Length: 580mm (23")
Blade Size: 200mm (8")

- Longer handle provides deeper holes - great for planting leeks
- Comfortable wide "T" grip

Handle Size: 265mm (10⁷/₁₆")

Head Size: 125 x 30mm (4 x 1¹/₄")

3100KEW - Stainless Midi 3 Prong Cultivator

- Ideal for breaking up topsoil without digging

Handle Size: 305mm (12")

Head Size: 3 Prong

The Kew Gardens Collection

Neverbend Stainless Hand Tools

3130KEW - Stainless Planting & Weeding Knife

- Graduated blade for easier measurement when planting
- Serrated edge for increased cutting power through thin roots
- Pronged blade for removing weeds and daisies
- Chamfered notch for slicing twine

Handle Size: 144mm (5¹/₂")

Head Size: 185 x 40mm (7¹/₄ x 1¹/₂")

3110KEW - Midi Onion Hoe

- Designed for lifting onions
- Can also be used for hoeing and weeding in borders
- Use between vegetables

Handle Size: 305mm (12")

Head Size: 100mm (4")

3080KEW - Midi Hand Trowel

- Ideal for weeding, digging and planting in hard to reach areas
- Ideal for use in borders and tubs

Handle Size: 305mm (12")

Head Size: 150 x 80mm (6 x 3¹/₄")

3090KEW - Midi Weed Fork

- Ideal for breaking up compacted soil around shrubs and plants
- Use for weeding in borders, pots and tubs

Handle Size: 305mm (12")

Head Size: 120 x 75mm (4¹/₂ x 3")

Neverbend Carbon

"Exceptionally strong, built to last"

Our Neverbend Carbon range of garden tools have a hammer finished powder coating for improved resistance to rust, humidity and alkalis in the soil.

Harvested from FSC® certified wood from well managed forests, our weatherproof handles are made from the finest ash.

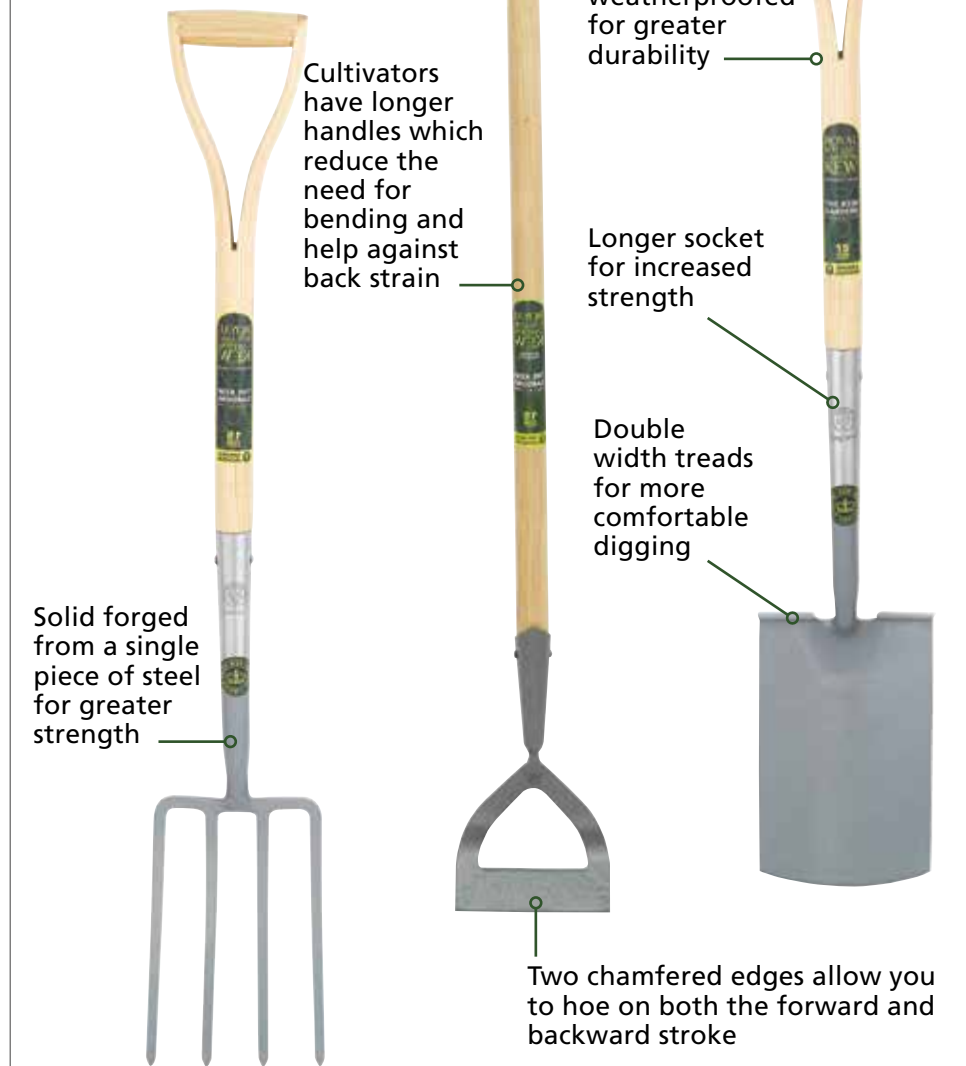

Every Neverbend Carbon product comes with a fifteen year guarantee.

THE KEW GARDENS COLLECTION

Neverbend Carbon

Spades and Forks

"Solid forged from a single piece of steel for greater strength"

- Longer socket and handle reduces the need for bending and helps against back strain
- Hammer finished powder coating for improved resistance to rust, humidity and alkalis in the soil
- FSC® certified wooden split YD ash handle, weatherproofed for greater durability (excludes 4422KEW)

1180SYDKEW - Carbon Digging Spade

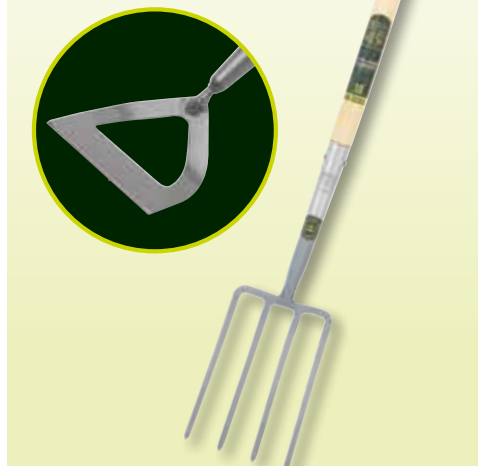

- Ideal for heavy duty digging and turning over soil
- Double width treads for more comfortable digging
- At least 50% stronger than stainless steel!

Shaft Size: 760mm (30")
Head Size: 280 x 180mm (11 x 7")

1680SYDKEW - Carbon Digging Fork

- Ideal for digging over and breaking up soil
- At least 50% stronger than stainless steel!

Shaft Size: 760mm (30")
Head Size: 294 x 195mm (11½" x 7½")

1184SYDKEW - Carbon Border Spade

- Double width treads for more comfortable digging
- At least 50% stronger than stainless steel!

Shaft Size: 760mm (30")
Head Size: 230 x 138mm (9 x 5½")

1684SYDKEW - Carbon Border Fork

- Lighter fork with a smaller head for use in borders and in between plants
- Ideal for use in confined spaces where a standard digging fork is not suitable
- At least 50% stronger than stainless steel!

Shaft Size: 760mm (30")
Head Size: 236 x 150mm (9 x 6")

Watering and Irrigation

Watering and Irrigation

Keeping your garden green with the Kew Gardens Collection range of garden watering applications.

Kew Gardens Collection Water Wand

- Water wands are ideal for both reaching up to water hanging baskets and for directing water to the base of plants under foliage or to more easily reach into pots and containers
- A choice of 10 spray settings
- Light but strong aluminium shaft
- Ergonomic soft-feel handle
- Sliding thumb catch for easy flow control
- Male brass connector included
- Suitable for up to 8bar water pressure

Part No	Colour
BWF27BKEW	32" Water Wand in blue
BWF27GKEW	32" Water Wand in green
BWF27PKEW	32" Water Wand in purple

Kew Gardens Collection Multi Function Spray Gun

- A choice of 9 spray settings suitable for all typical garden watering applications
- Ergonomic soft-feel handle
- Sliding thumb catch for easy flow control
- Male brass connector included
- Suitable for up to 8bar water pressure

Part No	Colour
BWF28BKEW	Multi-function Spray Gun in blue
BWF28GKEW	Multi-function Spray Gun in green
BWF28PKEW	Multi-function Spray Gun in purple

Kew Gardens Collection Turret Sprinkler

- Dial settings for 9 different watering patterns
- Stable metal base
- Control rotor retracts to protect the mechanism when not in use
- Male brass connector included
- Suitable for up to 8bar water pressure

"This sprinkler is by far the best of it's type I've used - the heavy metal base makes it sit flatter than plastic ones, and it seems more robust. I like the windmill rotor as it breaks the stream of water into random drops which fall across the area being watered rather than just at the edges."

Greg Redwood, Head of Great Glasshouses and Horticultural Training at the Royal Botanic Gardens Kew

Part No	Colour
BWF29BKEW	9 Function Turret Sprinkler in blue

COLLECTION

Merchandising that makes you money

The Kew Gardens Collection from Spear & Jackson is supported by new floor standing displays designed to engage and inspire the consumer, maximising sales, margin and return on investment for the retailer.

NEW Displays

All point of sale material reflects the same strong brand identity used for our packaging and includes the personal endorsement of Greg Redwood, Head of Great Glasshouses & Horticultural Training - Royal Botanic Gardens, Kew.

Available in a range of different profiles, please contact your local representative or e-mail: sales@spear-and-jackson.com for more information.

Packaging Designed to Sell

At Spear & Jackson we understand the importance of visually impactful packaging in encouraging trade up and increasing sales. Dual branded packaging has been designed to boost visibility in store and maximise consumer appeal.

"Try Me" Packs

Eye-catching "try-me" packs allow the consumer to handle the product and explore its features and functionality before buying, helping them choose the right product and delivering enhanced sales for the retailer.

Quality

A stylish swing tag and seal emphasises the quality of the Kew Gardens Collection as a premium range, adding value and giving products that designer look.
